

## Wallend-Air School of Paragliding

*Wallend-Air Online Paragliding Store*

### 6005

Price per Unit (piece): R2 532.09 (including 14 % tax)

Function Overview:

#### Altimeter:

- Altimeter 1 - MSL up to 37,000 ft (11,500 m)
- Altimeter 2 - Absolute or relative (ft or m)
- Altimeter 3- Reference altitude with one button zeroing at any time
- QNH: Set altitude with barometric pressure
- MSL altimeter user correctable (no need to send in for calibration)

#### Variometer:

- Analog display - patented twin pass scale up to  $\pm 2000$  ft/min. (10 m/s)
- Digital display - up to 19,200 ft/min (96 m/sec) in 10 ft/min. increments
- Averager - users selectable between 1 - 30 seconds
- Sink alarm - user selectable threshold (can be easily disabled)
- Extensive audio control:
  - 6 loudness settings
  - Adjustable vario threshold

- Adjustable pitch
- Adjustable dampening
- Smart-Filter technology minimizes false lift indication
- ASI- audio scale indication

### **Speed:**

- Digital speed display - 3 user selectable ranges 0-30, 0-60, or 0-120 mph with optional HG or PG sensor
- Speed display in mph, kph or knots.
- Stall alarm - User selectable threshold (requires optional sensor)
- Airspeed correction:  $\pm 50\%$

### **Temperature:**

- Current ambient temperature in Fahrenheit or Celsius w/  $1^\circ$  resolution
- Temperature correction  $\pm 14.2^\circ$  F

### **Time:**

- Real-time clock - Always-on time and date
- Flight timer- keeps track of flight duration
- Stopwatch- may be started, stopped and reset during flight

### **Flight Log:**

- Automatically records 50 most recent flights
- Records peak values of: altitude 1 and 2, analog lift and sink, digital lift and sink, flight duration and date of flight
- Recorded flights and values may be displayed at any time
- Flight memory data maintained if batteries are removed

### **Physical Properties:**

- Extremely easy to read display
- 5 full-time digital displays, analog display and instrument status display (mode, battery, sink alarm, loudness)
- Intuitive function button allocation
- Compact, light, rugged, ergonomic and aerodynamic housing
- Size: 5-3/8" x 2-7/8" x 13/16" (138 x 74 x 23 mm)
- Weight: 6.4 oz.(182 g) including batteries without clamp

**Power Supply:**

- Battery life over 250 hours on 2 AA (included). 10 years in standby mode.
- Continual display of battery status

**Included :**

- Batteries
- Protective carry bag

**Warranty:**

- 2 years

Perspex covers available on request
